**Acts of Deer or Acts of Dog? Make sure that you invest in GAP for your new car loan!**

**What is GAP? Peace of Mind!**

If your vehicle is ever totaled or stolen, your primary insurance will usually pay only the current market value of your vehicle, less your deductible.

If the actual cash value is less than your current loan amount, the result could be a financial gap where you must pay the difference between your loan balance and your insurance settlement. This could mean thousands of dollars out of your pocket.
